Approximate Text Heights:

Sign Size:	2"x4"	3"x6"	4"x8"
Top Line:	.30"	.40"	.50"
Middle Line:	.25"	.30"	.40"
Bottom Line:	.20"	.25"	.30"

Heights may be adjusted to fit long lines.

Everyone wants their sign order as soon as possible. Please consider the following when making up your sign order:

1. Make sure you have clearly indicated color, size, quantity and layout in your order.
2. Please type your order. You may be able to read your handwritten copy, but we may not be able to.
3. Although faxed and mailed orders are fine, email attached files using Word or Excel are best.
4. If you are faxing your order, please use font size 12 or larger, as faxes sometimes are not very clear.
5. Place columns in the order they will appear on your signs. The left-most column should be for the top line of the sign, the 2nd column for the next line down, etc.
6. If possible, alphabetize your order by the first word of the top line (usually the Genus). The engraving goes much faster if we don't constantly have to reformat the engraver for signs we've already done.
7. Be sure you have the right size sign for your needs. 2"x4" is adequate for many small gardens. However, if you try to put too much information on a small sign (names of three or four countries of origin for example), and we can't make it fit, we will omit text at our discretion.
8. Please proofread your order. Some typos seem to be inevitable, and we will try and correct errors when we catch them. Correcting customer's typos is time consuming. If you are sure your spelling is right, let us know beforehand and we won't change a thing.

High Quality Plant Identification Signs

- Our signs are used for permanently identifying plants and are suitable for heavy-duty, commercial outdoor use by botanical gardens, zoos, hotels, malls, colleges, private growers/collectors, nurseries, resorts, amusement parks, golf courses, public parks, etc.
- Plant identification signs are available in eight standard sizes: 2"x 4", 3"x 4", 3"x 5", 3"x 6", 4"x 5", 4"x 6", 4"x 7" and 4"x 8". Ask about other sizes up to 8"x 10".
- Signs are made of **heavy-duty 1/8" thick** laminated UV- and weather-resistant, outdoor-rated plastic material.
- Colors available are: Black (mildly textured surface) with white letters, White (mildly textured surface) with black letters, Forest Green (glossy surface) with white letters, and Apple Green (matte surface) with white letters.
- Signs are permanently attached to 17" long, 1/2 pound galvanized steel stakes for inserting in the ground. The stakes have a 45° bend at the top where the signs are permanently attached using epoxy specially formulated for outdoor use.
- No unsightly bolts, screws or pop-rivets; no flimsy two-sided tape.
- No aluminum stakes to corrode away in a few years.
- Signs are engraved to your specifications with your text on our computerized engraving machine. Items that may be included on signs are genus, species, common name, family, origin or accession number. What to put on the signs is up to you.
- There is only one font, but it is scalable and may be *italicized*, engraved in all capital letters or underlined if desired, to set various lines apart.

Please Enclose check, purchase order, or credit card information.
